

The One Dispensing Station that Has it All

- open on all sides
- robust, lockable lid

An open lid gives you unimpeded access to all components from three sides. Opens upwards on supporting gas struts to allow access from three sides.

- accessible

Integrated nozzle holder keeps things in place.

- double protection

Integrated bund gives added environmental protection.

- transport friendly
- designed-in stability

Integral forklift runners assist with loading and installation. Moulded hexagonal matrix for integral polymer strength, supported by twin steel bands.

- always tidy

The automatic hose reel helps you to keep 8 m of hose in order.

- ergonomic perfect

All equipment is positioned so that it is easy to see and access at an optimum level over the bund.

CEMO CUBE – a new generation. Redefining the Standard³.

CEMO presents the latest in security, function and design in the CUBE. We have introduced

features with benefits, no compromises and jigs. The first dispensing station to be designed as a dispensing station with everything in its place, easily accessible and straightforward to use. It's impressive – a great concept. Take a look and see if you agree.

Technical specifications subject to change. 10/2015

 CUBE-Dieseltank
2500l Outdoor
Premium

CUBE-Dieseltank

CUBE-Dieseltank Basic and Premium
optical bund alarm, tanker coupling, electronic overfill sensor, vent, analogue contents gauge, suction hose, 230V electric pump, automatic nozzle with integral nozzle holder, approved for outdoor installation with hinged lid (outdoor model)
CUBE-Diesel filling station, 5000 l:
CUBE-Dieseltank 2500 l Outdoor Premium (10299), expansion unit 2500 l Outdoor (10300), flow rate 72 l/min

CUBE-Tank for diesel

Designation	Capacity l	External Dim. cm (w x d x h)	Order No.
CUBE-Tank Indoor Basic, 4 m delivery hose, without lid	1500	120 x 115 x 174	10292*
	2500	120 x 180 x 174	10293***
CUBE-Tank Outdoor Basic, 4 m delivery hose, incl. hinged lid	1000	120 x 80 x 180	10294*
	1500	120 x 115 x 180	10295*
CUBE-Tank Outdoor Premium, K33 analogue flow meter, cartridge filter with water separator, 8 m delivery hose, incl. hinged lid	2500	120 x 180 x 180	10296***
	1000	120 x 80 x 180	10297*
CUBE-Tank Outdoor Premium, K33 analogue flow meter, cartridge filter with water separator, 8 m delivery hose, incl. hinged lid	1500	120 x 115 x 180	10298*
	2500	120 x 180 x 180	10299***
CUBE-Tank Extension Outdoor, comprises Outdoor Basic package: with connection kit to first tank; excluding pump, hose, nozzle	2500	120 x 180 x 180	10300
CUBE-Diesel filling station 5000 l, 2 x CUBE-Tank for diesel 2500 l	5000	250 x 180 x 180	10379

* with electric pump 56 l/min *** with electric pump 72 l/min

CUBE-Tank for AdBlue®

Designation	Capacity l	External Dim. cm (w x d x h)	Order No.
CUBE-Tank for AdBlue® Indoor Basic, 6 m delivery hose, without hinged lid	1500	120 x 115 x 174	10301
	2500	120 x 180 x 174	10302
CUBE-Tank for AdBlue® Indoor Premium, hose reel with 8 m hose, K24 digital flow meter	1500	120 x 115 x 180	10434
	2500	120 x 180 x 180	10435
CUBE-Tank for AdBlue® Outdoor Basic, 6 m delivery hose, incl. hinged lid, Winter Pack Mid-Europe ¹	1500	120 x 115 x 180	10303
	2500	120 x 180 x 180	10304
CUBE-Tank for AdBlue® Outdoor Premium, hose reel with 8 m hose, incl. hinged lid, insulation, K24 digital flow meter, Winter Pack Mid-Europe ¹	1500	120 x 115 x 180	10305
	2500	120 x 180 x 180	10306
Extension Indoor: comprising integral sump, optical bund alarm, 2" dry tanker coupling, electronic overfill sensor, level indicator, with connection kit to first tank, fully assembled	2500	120 x 180 x 180	10436
Extension Outdoor: as well as Extension Indoor, additional with Winter Pack Mid-Europe ¹ , incl. hinged lid	2500	120 x 180 x 180	10307

¹ Winter Pack Mid-Europe: comprises heater 250W for ancillary area

CUBE-Tank for lubricants

Designation	Capacity l	External Dim. cm (w x d x h)	Order No.
CUBE-Tank Indoor Basic, 4 m delivery hose, handheld digital flow meter, cannot be calibrated, without lid	1000	120 x 80 x 174	10308
	1500	120 x 115 x 174	10309
CUBE-Tank Indoor Premium, incl. hose reel with 15 m hose, handheld digital flow meter, cannot be calibrated, without lid	1000	120 x 80 x 174	10310
	1500	120 x 115 x 174	10311
CUBE-Tank Outdoor Premium, incl. hose reel with 15 m hose, handheld digital flow meter, cannot be calibrated, with hinged lid	1000	120 x 80 x 180	10312
	1500	120 x 115 x 180	10313
2500	120 x 180 x 180	10424	

 CUBE-Tank for
AdBlue® 1500l,
Outdoor Premium

CUBE-Tank for AdBlue®

CUBE-Tank for AdBlue® Basic and Premium

2" dry tanker coupling, electronic overfill sensor, 230V electric pump 35 l/min, automatic nozzle with integral nozzle holder, all devices wired ready to connect into a terminal box

CUBE-fueling system for AdBlue® 5000l, consisting of:

CUBE-Tank for AdBlue® 2500l Outdoor Premium (10306), Extension Outdoor 2500l (10307)

Accessories for all CUBE-Tanks:

LED instrument lighting with motion sensor and battery, Order no. 10378

Accessories for CUBE-Dieseltank:

Hose reel with 8 m hose DN 19, Order no. 10375

K33 meter, 3-digit tank display, Order no. 10376

Filter with water separator, Order no. 10377

Accessories for CUBE-Tank for AdBlue®:

Hose reel with 8 m hose made from EPDM, DN19, Order no. 10431

Digital flow meter K24, Order no. 10274

Flap lid blue, complete with installation accessories, Order no. 10437

Accessories for CUBE-Tank for lubricants:

Hose reel with 15 m filling hose, Order no. 10423

 CUBE-Tank for lubricants
1000l Outdoor-Premium

CUBE-Tank for lubricants

Dispensing station for lubricants, Basic and Premium

tanker coupling, electronic overfill sensor, vent, analogue contents gauge, suction hose, 230V electric gear pump 9 l/min at 12 bar (cannot be calibrated), 4 m delivery hose, nozzle with handheld digital flow meter, integral nozzle holder, approved for outdoor installation with hinged lid (outdoor model)
